About SfHFT

Society for Heart Failure and Transplantation represents a forum for all those interested in heart failure research and patient care.

The SfHFT is dedicated to:

Promoting research related to all aspects of heart failure and to provide a forum for presentation of basic, clinical and population-based research.

Educating health care professionals through programmes, publications, and other media in the areas of basic science, clinical medicine, patient management, social, ethical and economic issues to enable them to diagnose and treat heart failure.

Encouraging primary and secondary preventive measures to reduce the incidence of heart failure and to facilitate the establishment of programmes and policies that will better serve the patient.

Enhancing quality and duration of life in those with heart failure.

Promoting and facilitating the formal training of physicians, scientists and allied health care providers in the field of heart failure.

Welcome,

It is our great pleasure to welcome all of you to the 4th Annual Conference of the Society for Heart Failure and Transplantation which will be held on September 03-04,2016 at Ramada Cochin Resort, Kochi, Kerala. The scientific programme has been carefully designed to include topics of special interest, by outstanding authorities which will be featured in many scientific sessions, to provide cardiologists, cardiac surgeons, cardiac anaesthetists, primary care physicians, nurses, and other healthcare providers with the necessary information to increase knowledge with the goal of improving the care delivered to patients with heart failure.

We are very happy to have you as our distinguished guests.

It's my privilege to invite you to the breathtaking scenic "God's own Country" and to the City of Cochin - the Queen of Arabian Sea, to enjoy it's beauty, hospitality and splendid culture.
